

SuperLight Stainless Series for '04 - '11 BMW R1200GS

- A direct fitment, internal disc-based, tunable Slip-On.
- Deep, throaty, growling sound.
- 92dB sound level compared to 87.5dB stock sound level (per SAE-J1287).
- Lightweight material lightens your load for maximum speed.
- Weighs only 9 lbs. That's 4lbs. lighter than stock.
- Weight savings justifies packing additional cargo.
- 100% 304-grade Stainless Steel Body is 19" long.
- Body diameter is 4.5".
- Turndown outlet is 2.5".
- Fully welded-on s-bend and integrated center stand stop.
- Polished Finish for high-end quality and looks without the high-end price tag.
- Eighteen, 4" discs are included.
- Add discs for more horsepower, sound and flow.
- Subtract discs for less sound and less flow, but more low-end torque.

'04 - '09 BMW R1200GS

'10 - '11 BMW R1200GS
